EXPERIENCE

FRONTEND DEVELOPER - SupplyHouse.com New York, NY 2021 - 2022

- Migrated legacy frontend to React and integrated newly available Spring Boot microservices with Redux and Redux-Saga. Updates led to increased speed sitewide, and a reusable component library.
- Implemented new Customer Service notifications and UI resulting in a 30% increase in live chat engagement and call reduction.
- Worked tightly with Design to develop workflows to improve collaboration, efficiency, and the development of a common design system.

SOFTWARE ENGINEER INSTRUCTIONAL ASSOCIATE - Fullstack Academy New York, NY 2020 - 2021

- Guided students through Fullstack Curriculum including Node, Express, React/Redux, and Postgres
- Provided 1-on-1 support to each student along with daily algorithm and coding exercises
- Product lead on student projects with Agile workflow
- Code reviewed student work and exams

PROJECT MANAGER - Enoc Perez Studios New York, NY 2009 - 2020

- Designed and implemented a database for unique works of art. upgraded legacy database to cloud.
- Developed and designed company website using Drupal to manage content. Migrated site to Headless CMS and redesigned front-end utilizing Ember. - EnocPerez.com
- Oversaw large projects, such as museum retrospectives, book publications, and sculpture fabrication.

DESIGN PROFESSOR 2012 - 2020

Institutions include: Moore College of Art - Philadelphia PA, **Rutgers University** - New, Brunswick, NJ, & **P.I. Art Center** - NY ,NY

Design curriculum

- Led a course to familiarize students with foundational design and its fundamental concepts
- Taught Photoshop and Illustrator through design targeted assignments

Color curriculum

- Designed a course to teach the basic principles of color (i.e. physical properties, scientific principles, practical application, and cultural implications).
- Assignments focused on contemporary color systems such as CMYK, RGB, Pantone, and Web color codes

DESIGN AND WEB DEVELOPER New York, NY 2012 - 2018

- Created and maintained websites for artists and arts organizations using Javascript, HTML, CSS, jQuery, WordPress, and Drupal.
- Consulted galleries for web solutions and management.
- Designed exhibition catalogs and unique artist books for NYC based artists and galleries. Worked in collaboration with major NYC publishing companies.
